

Convenient to both Interstates I-71 and I-270, Graceland Flats include 200 residential units in (6) three-story buildings on the southwest corner of Graceland Shopping Center - between the Kroger and LA Fitness buildings. The development lies in the heart of Clintonville, one of Columbus's most beloved neighborhoods, and overlooks Kenney Park and the Olentangy River. G2 provided conceptual designs for amenities including a pool, sun deck, and cabana... and carried the vision through construction documentation.
