

HAMILTON QUARTERS APARTMENTS

Hamilton Quarters is multi-family project within a large scale, mixed-use development, sited on 320 acres at the State Route 161 and Hamilton Road interchange. The Hamilton Quarters Apartment complex spans 44 acres and comprises approximately 800 dwelling units. Amenities within the complex include a clubhouse, pool and sun deck, nature preserve, courtyards, playgrounds, outdoor fireplaces, recreation areas and lush entry features. G2 provided the conceptual designs for these amenities and carried the vision through construction documentation.

This project is currently under construction.
