

BEXLEY GATEWAY

Client: Plaza Properties

Bexley, Ohio

Main Street is the retail corridor of this elegant Central Ohio suburb, and it contains many fine restaurants, shops and a popular movie theatre. This proposed re-development of a residential block on the edge of this corridor fulfills the vision outlined for Main Street by the City of Bexley, and transitions from commercial uses along Main Street to residential uses along Parkview Drive. The mix incorporates restaurants with offices above that screen a surface parking lot and luxury condominiums above a secure parking garage. Scope of work includes hardscape and landscape design for buffers, streetscapes and outdoor cafes and plazas.
